

# AAC SUCCEED VB

CWAD Wheat

In registration tests across all areas, AAC Succeed VB yield was significantly higher than the checks. It has significantly stronger straw strength than Strongfield and AAC Cabri and similar to Brigade. AAC Succeed VB is a strong competitor in the Durum Market.

## Highlights

---

- Top in class yield
- up to 111%\* of the check
- Midge tolerant
- Leading standability in a varietal blend
- Excellent disease package

## Insights

---

"AAC Succeed VB is a new Durum with midge tolerance that has improved yield, large seed size and good standability traits that successful Durum growers look for."

- Shawn Fraser, Fraser Seeds Ltd. - Pemburn, SK
